### **Testing Volume and Pass Rate**

Testing volume for the 2014 GED® test has been much lower than expected – not just at your center or just in Kentucky; this issue is occurring nationally. If we look at the number of test-takers and passers in Kentucky, we are in the middle of the pack nationally.

However, Kentucky is at the head of the class in pass rate. The pass rate in Kentucky for the 2014 GED® test is 82%! Nationally, the pass rate is 57%.
